# Congratulations!

You've completed Google Cloud Data Analytics Certificate!

This certificate program prepares learners for cloud data analyst, cloud data technician, and cloud operations analyst roles. It builds on foundational data analytics skills including basic SQL, data cleaning, analysis, visualization, and business intelligence. Cloud data analysts leverage cloud computing to prepare, process, and analyze data for key business decisions. Upon completion, learners will be able to share findings effectively with stakeholders and provide data-driven recommendations.
